

The figure displays a line plot with a red line and two data points marked with red crosses and vertical error bars. The y-axis is labeled from 0 to 4000 in increments of 500. The x-axis is labeled 'Date' and has multiple '20:30' ticks. A legend in the top right corner identifies the data series as '2010_0505_203022'.

Date	Value
20:30	~500
20:30	~600
